# WHAT WE DO

---

Terra Contracting specializes in a full range of asphalt and concrete work. Our quality services:

- Ensure structural integrity for long life.
- Deliver aesthetically pleasing, durable surfaces that maximize property value.
- Minimize potential safety and liability issues.

# SERVICES WE PROVIDE

---

## ASPHALT PAVING

Installation, repair and maintenance.

## ASPHALT MILLING

Removal of damaged layer, replaced with a new top coat.

## CONCRETE

New construction, repair and patching for curbs, gutters, utility collars, chips, spalling and cracks.

“ I want to thank the entire crew for a job well done. Really appreciate the care that was taken by everyone involved. I have received a number of comments already about how good it looks and that it was done so efficiently.”

—Michael Constantine

## WHO USES OUR SERVICES?

---

Property managers

Building owners

Municipalities

State agencies

Military organizations

Contractors

# THE CONTRACTOR OF CHOICE

The team at Terra Contracting has decades of experience in maintaining the integrity of asphalt and concrete surfaces to maximize their lifespans while minimizing costs. We're proud to say that our customers think of us as their go-to partner for helping maintain their properties.
